Molds are temporary framing members and are discarded after the hull is flipped over. Packages do not include any planking stock, solid timber, glues, resins, fiberglass, tanks or other hardware. The covering boards, inwales and leaning post are not covered in the kits and will have to be hand cut per the drawings provided.

All prices in US dollars, FOB Tarpon Springs, Florida. Florida customers add 6% sales tax. All packages include shipping prep and are strapped to a pallet for shipping. Shipping is calculated for each address and is not included in the price. Customer pays actual cost for shipping with no markup. Shipping costs are less if the location is a commercial address with unloading capabilities. To save on shipping charges, customers can pick up their kits at the CNC shop in Tarpon Springs, Florida, but be prepared to help load your truck!

All prices subject to change without notice.
